Biography:

Peter Beesley is a Vegetation Program Manager, Expert with Pacific Gas and Electric Company (PG&E) in Grass Valley, CA. He has been working in utility vegetation and environmental management for 20 years. Peter holds a BS in Ecology from San Francisco State University. He is an ISA Certified Arborist and Utility Specialist and holds a Qualified Applicator License from the California Department of Pesticide Regulation. Peter is currently a board member of the Fire Safe Council of Nevada County and a past board member of the California Invasive Plant Council. Peter is responsible for implementing PG&E's Electric Transmission Integrated Vegetation Management Program and its associated pollinator habitat use studies.
