SEPTEMBER 7, 2022, 4:00pm CDT - 6pm CDT
State Natural Areas Program In-Person Roundtable
State Reports

State Natural Areas Program (SNAP) Roundtable

Presenter Guidelines - Pre-recorded State Program Reports

State Natural Areas Programs (SNAP) were among the first entities to protect natural areas in North America. For over 50 years, NAA has fostered a state agency programs community where practitioners and academics could share information, techniques, methodologies, good science and even moral support. NAA knows that collaboration is essential to the preservation of natural areas, and that it is important that colleagues become resources to each other.

The Natural Areas Association (NAA) hosts four SNAP Roundtables per year, there is no roundtable more valued than the annual **In-Person SNAP Roundtable - State Program Reports**. This year's in-person roundtable will be held on Wednesday, September 7, 2022 during the 2022 Natural Areas Conference in Duluth, MN.

The **2022 SNAP Roundtable - State Program Reports** will be in-person, and participation in the roundtable is open to everyone attending the conference. **ANYONE WHO WISHES TO PRESENT A STATE REPORT MUST SUBMIT A PRE-RECORDED PRESENTATION IN ADVANCE.** Pre-recorded reports will ensure that reports meet time and content recommendations to allow maximum time for discussion and information-sharing among the group.

A pre-recorded State Program Report is a five minute, pre-recorded, video that offers a brief overview of your state program including size and scope, as well as some of the highlights and challenges faced. (Please see the suggested PowerPoint Template Outline below.) Following each presentation there will be a short time for Q&A, and an Open Discussion segment of the meeting at the end.

All pre-recorded videos must be submitted by Friday, August 26. Presenters have the option to either record the video themselves or **schedule an appointment** with an NAA staff member who will record the presentation for you. NAA staff members will also play the presentations during the Roundtable.

For your convenience, we have developed a SNAP State Program Report PPT Template. Feel free to use it or you can use your state agency template. **SNAP State Program Report PowerPoint Template**. Below, please find an outline for the State Program Report.

- **Slide 1:** Cover slide - State Program Name, Presenter Name, Date, Natural Area Photo
- **Slide 2 & 3:** Structure & Scope - How is your state program structured? Number of acres protected? Number of natural areas owned/managed? Number of staff? Number of Volunteers?
- **Slide 4 & 5:** Photos and highlights of a few notable natural areas in your state.
- **Slide 6:** Describe some of the "wins" for your program since 2020.
- **Slide 7:** Describe some of the current challenges for your program or the areas you manage.
- **Slide 8:** Are there any emerging issues or areas of concern you would like to discuss with colleagues today or at a future SNAP Roundtable
- **Slide 9:** Conclusion & contact information.
